

ESTERO ART LEAGUE WORKSHOP - FEBRUARY 4TH & 11TH

PALETTE KNIFE – OIL FROM LANDSCAPE PHOTOGRAPHY

Instructor: Jan Ellen Atkielski

TIME: 9 am to 2:30 pm (1/2 hour for lunch – bring your own or dine nearby)

This information-packed workshop is designed to give a good foundation for bold, direct palette knife painting. The workshop will accommodate 4 to 15 painters. (**Beginners – Advanced**). Participants can expect to produce at least one painting.

Class starts with a demonstration focusing on the most direct and effective methods for painting strong, vibrant oils using painting knives and a limited palette. *Participants are encouraged to ask questions during the demonstration.* Afterwards, participants will paint from their own photography or may choose to paint from one of the large photos provided for them by Jan Ellen (the instructor). During this time, Jan will go around to each person offering suggestions focusing on their **individual needs**.

CRITIQUE will begin at 2:00 pm on the last day.

Meet the Instructor:

Jan Ellen is a "contemporary impressionist" who works from photography or directly from nature, emphasizing the effect of color and natural light in her work. Palette knife paintings are created "ala prima"; painting continuously without allowing the paint to dry between sessions. Layers are built up, working from back to front, using different knives and strokes to create desired effects.

A professional artist with a Bachelor's Degree in art, Jan Ellen has exhibited for over 40 years and has an extensive list of collectors, both private and commercial. Jan Ellen has judged local and national exhibits, is a published author and lecturer, and has been featured in print and on television. She is represented by Phil Fisher Gallery, Naples. www.janellenart.com.
